

Break the Status Quo with Voter.Vote

The Future of Political Campaigns: AI-Powered, Cost-Effective, and Built to Win

Why Choose Voter.Vote?

Legacy platforms like PDI, NGP VAN, and GOP Data Center are outdated, expensive, and overly complicated. [Voter.Vote](#), which powered over 100 California campaigns in the last election, is the smarter, faster, and more affordable alternative. It is designed for candidates who want to focus on winning elections, not navigating complicated technology.

With [Voter.Vote](#), you get a **comprehensive, easy-to-use platform**. It handles email, texting, social media, door-to-door canvassing, and direct mail — without expensive campaign consultants.

Effortless Campaign Management with AI

- **Win more votes with AI-powered analysis:** Predict voter behavior, automate outreach, and drive voter engagement.
- **Automatically generate persuasive messaging:** Deliver targeted communications instead of generic blasts. Using advanced machine learning models, we can identify hundreds of addressable voter groups and generate unique, appropriate messages for each one.
- **Eliminate spreadsheets:** Excel knowledge is no longer required to win a campaign.

Lowest Cost, Most Accurate Voter Data

- **Guaranteed up-to-date voter data.** All updates are free until the election date.
- **Priced 50% less than any other vendor:** Contact us for even more discounts.
- **All data is included:** Full walk, email, direct mail, texting, GOTV, social media, and custom lists.

Stop Wasting Money on Ineffective or excessive Direct Mail

- **Customize each direct mail piece:** AI-generated messaging and graphics, verified by humans, ensure each voter receives targeted and persuasive content.
- **Reach voters at the optimum time:** A free timeline shows when each voter is likely to vote.
- **Reduce direct mail costs:** Consultants are often paid a percentage of direct mail costs. We help you target direct mail only to voters unreachable by more cost-effective means.

Powerful Tools Included—No Extra Cost

- **Go beyond social media followers:** Target voters who are not already followers.
- **Reach voters directly by texting and email:** Send directly through our system.
- **Knock doors or canvass voters today:** Sync walk results instantly—no wasted outreach.
- **Budget based on actual voter data:** Tailor your outreach based on fundraising targets.
- **Built-in CRM:** Mark voters by interest, by type (e.g. volunteer, donor, etc.), and by prior outreach.
